## ABOUT ME

Hello, I am Abdurrahman Arican. I am a developer who has just started his career as a Mobile Application Developer. I aim to develop creative, innovative and user-friendly mobile applications by specializing in the Flutter software development kit. I am also competent in developing iOS applications with Swift and SwiftUI and I am determined to continuously improve my skills in this field. My applications are available on the Google Play Store.

## EXPERIENCE

### Mobile Application Developer Intern

I completed my internship at Orion Innovation Turkey, where I contributed to software development projects and gained valuable experience in innovative technology solutions.
